

Records Retention and Legal Holds

Sample policy - records governance

Fixture purpose

This fictional policy demonstrates searchable retention rules without using customer, employee, or confidential data.

Storage schedule

Active customer agreements remain in warm storage for two years after the most recent signed amendment.

Completed contracts move to cold storage after seven years.

Legal holds

A signed legal hold suspends scheduled deletion. Records remain preserved until counsel releases the hold and confirms that disposal may resume.

Review

The records team reviews the schedule each quarter and records approved exceptions.
